**Invictus FC** announced today the triple signing of **Suleman Sey**, **Ibrahim Daraja**, and **Bryant Perdomo** for the upcoming **2021 UPS L season**.

West African **Sey**, spent his childhood growing up in the Bronx, N.Y. - where he played for his first club **South Bronx United**. After graduating from **Frederick Douglass Academy** in NYC, Sey went to the highly successful Men's soccer program at **Monroe Community College** before moving on to **Keuka College**. During this time Sey played in the NCAA Conference Finals and won two Regional Championships.

**Ibrahim Daraja**, played youth soccer at **FC Harlem** and was the **top scorer at PSAL Manhattan High School**. Upon graduating from High School, Daraja went on to play college soccer at SUNY Albany and Keuka College. Daraja was the top scorer and a CJS L Champion in 2016.

Local talent **Bryant Perdomo** is no stranger to Invictus. After spending over a decade in the club's youth development curriculum, Perdomo was named to the **All-CNY team** while playing for **Cicero-North Syracuse High School**, and won a number of **New York State West State Championships** as a youth player. This success on the field, coupled with his academic ability in the classroom, led him to Le Moyne college where he continues to have success as a Sophomore.

**Invictus FC Head Coach, Dan Kincaid** has watched these players closely over the past few weeks in training while preparing for the season, and he expressed their qualities:

**“From the first practice, we have been looking for players who provide not only key attributes in terms of technical skill, decision-making, and athleticism, but who bring levels of consistency with their performances. Suleman, Ibrahim, and Bryant have continually performed well, and their attitudes have been first class. We are excited to see what they can do for us at this level.”**

Invictus FC begin their UPSL campaign on Sunday, May 2nd. Please visit [invictusfc.com](https://invictusfc.com) for all **UPSL** and **Youth Soccer** information.
